

# NEW COMMUNITY JEWISH HIGH SCHOOL

## Top colleges like Brown, Stanford, Princeton, UC Berkeley, UCLA, USC and others want *OUR* students because...

Some people wonder why; our students ask, 'why not?'

Our student clubs tackle pressing world problems like genocide in Africa, fatal diseases, environmental responsibility, and conflict in the Middle East; they create programs to educate others and sponsor events to raise funds to make a difference.

Our students win recognition for good sportsmanship, community service, creativity, and leadership.

- ▶ Our students achieve excellence in intellectual pursuits, artistic development, and in matters of values and high standards of character and behavior.
- ▶ Our students understand their responsibilities to use their special gifts to uplift humanity and make a difference for future generations.
- ▶ Colleges value our values.
- ▶ Our students are "A" students AND "A" human beings.
- ▶ Our students receive academic merit scholarships from numerous colleges and universities across the country.
- ▶ Our alumni invent, inspire, and make a difference locally and around the globe.
- ▶ Our students are a new generation of leaders for whom Jewish values and tradition shape and guide their vision, and for whom knowledge creates possibilities for moral action, good character and shalom.

### The New Community Jewish High School College Guidance Program

Provides highly individualized counseling throughout the entire college application process that reflects students' interests, personality, and intellectual goals.

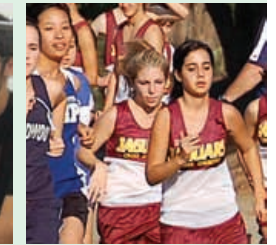

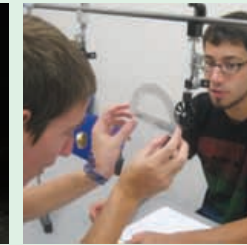

Provides colleges with a comprehensive view of each student, made possible by the intimate nature of our school and College Guidance staff-student ratio of about 1-50.

Our College Guidance counselors actively convey the unique attributes of each student to college admissions officers.

Students' personal relationships with faculty lead to in-depth letters of recommendation which are highly regarded by college admissions officers.
